CATALOGUE AND PRICE LIST

OF

FRAMES, MOULDINGS,

BACKING,

SOLID WALNUT WORK, &c.,

MANUFACTURED BY

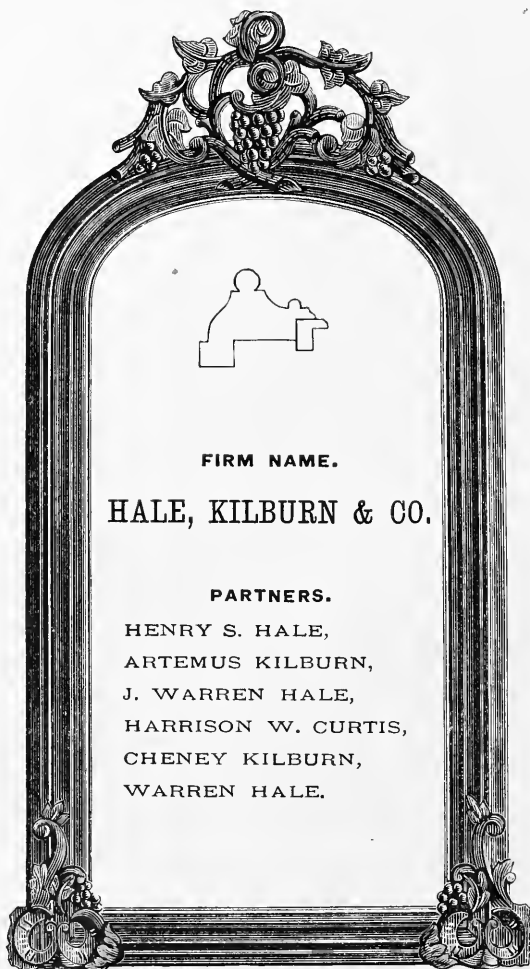

HALE, KILBURN & Co.,

WAREROOMS AND FACTORIES,

48 & 50 NORTH SIXTH STREET,

And 615, 617, 619 & 621 Filbert St.,

Philadelphia, Pa.

No. 49, Patt. C. (With No. 6 Ornaments.)

TO THE TRADE.

OWING to the rapid increase of our business, as well as the extensive variety of the goods we now manufacture, it has become necessary for us to issue a new and revised Price List, which we have endeavored to make up in such a manner as to enable all to perfectly understand it, and we hope it will be of such an advantage to those who are using and dealing in our wares that they will preserve and keep it strictly for their own benefit.

This list, which for the most part is illustrative of our work, will be quite an assistant to parties wishing to make up their orders by letter; the series of cuts found therein, although great care and expense has been taken in getting them up, fail, in most instances, to be equal to the original articles themselves, therefore all due allowance in such cases should be made.

By strict personal attention to business in all its branches, employing none but the most experienced workmen, together with the assistance of the latest improved machinery, and using the best material the market affords, we are fully prepared, with our extended and superior facilities, to supply the trade with goods that cannot be surpassed in style and finish.

A brief description of our establishment would not be out of place at this time, and will be of interest to many of our friends and patrons, and thus we venture to say a few words in our own behalf. It is not our desire to boast or misrepresent our place in the least, but what we say shall be with candor and the truth.

We claim to be the largest concern, in this particular line, in the country; the extent of our drying facilities alone will prove it; this is the foundation-stone of all large wood-working factories which are in a flourish-

ing condition, and without which it is impossible to make superior work and be prompt in filling orders. Our drying rooms are capable of holding, at one time, two hundred and seventy-five thousand feet of walnut lumber; these rooms will produce, if necessary, over two million feet of seasoned walnut lumber per annum. We calculate all our other facilities are in proportion, so that the reader can readily judge for himself of our capacity as a manufacturing firm.

The lot we occupy on Sixth Street is 50 feet front, by 200 feet deep; our Filbert Street lot is 76 feet front, by 90 feet deep, and forms an **L** with the former. We have four double buildings situated on these lots, three factories, and one store or warehouse, which were all erected to suit the business, and communicate with each other on every floor. They are all six stories in height, including the basement, and occupy the whole area, except a space between the structures used for a drive way, and to secure light and ventilation. We have over seventy-five thousand square feet of flooring, which would cover a space of nearly two acres of ground. One grand feature is that we are situated right in the centre of the business part of the city, which makes it so convenient for customers visiting Philadelphia to give us a call.

Thanking our many customers for their most liberal patronage, and requesting a continuance of the same, as well as soliciting a trial from those in the trade not represented in our list, we are,

Most respectfully yours,

HALE, KILBURN & CO.

PHILADELPHIA, NOVEMBER, 1872.

DISCOUNT SHEET.

Philadelphia, December 1st, 1873.

Gentlemen :

Our prices and terms for Goods of our manufacture, until further notice, will be as follows :

(~~See~~ SEE ILLUSTRATED PRICE LIST ISSUED 1872 頁)

TERMS:—NET CASH Within 60 days.

5 per cent. off if paid within 30 days ; 10 per cent. off if paid when ordered, or on receipt of invoice.

NOTE.—The above Cash discount and quantity discount are allowed only when bought and paid as above stated.

On large contract work and special orders, net prices and terms will be given

Goods will be delivered on all orders over \$30, at depot or wharf in all the principal cities of the United States, east of the Mississippi River, which are situated on a direct and main line of transportation. [Empty boxes to be returned when requested]. On all orders less than \$30 Boxing and Freight must be paid by purchaser.

NOTICE.

In offering you the above discount sheet which you will see by comparison, is a great reduction from former prices, we would respectfully state that it has been arranged in such a manner that all our customers are placed upon the same footing, and we earnestly request an examination of present prices as well as considering that the quality and style of our work will be as heretofore unsurpassed. Parties who are able to buy in quantities will receive the benefit of the quantity discount, and those who pay cash will also receive the benefit of the cash discount, both the quantity discount and the cash discount being in addition to the discount marked opposite each kind of Goods.

We sincerely hope and trust that our friends and customers, one and all, will appreciate our "ONE PRICE SYSTEM" and extend to us their very liberal patronage as heretofore, at the same time we wish it distinctly understood that upon no condition will there be any deviation from above prices and terms, until further notice.

Most cordially, yours,

HALE, KILBURN & CO.,

Warerooms and Factories,

48 & 50 North Sixth Street,

AND

OVAL FRAMES,

FOR PHOTOGRAPHS, PORTRAITS, &c.

(See pages 8 to 16.)

All the frames in this book are warranted to be thoroughly made, and finished with a rich nut-brown French polish. The joints are tongued and grooved together, which gives them more than double the strength of frames made with simply a plain key-joint or only halved together.

TAKE NOTICE.—We have just introduced a new oval frame, polished, with edge of walnut gilded, which is very cheap and is worthy of your consideration.

PRICE PER DOZEN.

Width.		Sizes.	
No. 15½, 1¾ inch.	Walnut edge gilt.	8 x 10	\$7 50

The image displays seven distinct mechanical components, each shown in a perspective view. They are arranged in two columns. The components are labeled as follows:

- No. 0.**: A small, shallow, curved component with a simple T-shaped cross-section.
- No. 1.**: A slightly larger, curved component with a more complex cross-section featuring a central slot.
- No. 2.**: A larger, deeper curved component with a cross-section that includes a central slot and a small protrusion on the outer edge.
- No. 3.**: A large, deep curved component with a complex cross-section, including a central slot and a small protrusion on the outer edge.
- No. 4.**: A large, deep curved component with a complex cross-section, including a central slot and a small protrusion on the outer edge.
- No. 5.**: A large, deep curved component with a complex cross-section, including a central slot and a small protrusion on the outer edge.
- No. 6.**: A large, deep curved component with a complex cross-section, including a central slot and a small protrusion on the outer edge.

Each component is characterized by multiple curved ribs or segments that form its outer profile. The cross-sections reveal internal features such as slots, grooves, and protrusions, which vary between the different models.

PRICE-LIST

OF

SQUARE FRAMES, JOINED.

(See pages 32 to 39.)

RUSTIC FRAMES.

(Pages 40 to 41.)

We now offer you a full Price-List of Square Frames, made in a thorough workmanlike manner, and comprising every pattern of **MOULDINGS** on our list. The number of Mouldings is so great, and the varieties in which they can be combined so extensive, we have been compelled to issue a list in this form, thereby enabling our customers by a simple rule, to ascertain the price of Frames made out of any Moulding, with or without Gilt Insides, and with any finish desired.

RULE:

SHOWING HOW TO FIND THE PRICE OF SQUARE FRAMES.

First Select your Pattern, then take the price of the Moulding in length (see pages 21 to 30), and find a number corresponding to that price at the top of the Square Frame list, trace out your size and you have the price of the Frame (without gilt). To find the price of the Gilt (see page 30 for the price of insides in length), and use the same rule; add the two prices thus obtained together, and you have the price of the Frame complete.

NOTE.—To find the price of Oiled Frames take the price of plain Mouldings for your guide.

EXAMPLE:

SHOWING THE COST OF A FRAME MADE OUT OF No. 148 MOULDING, POLISHED, WITH HALF-INCH GILT INSIDE. SIZE, 10 x 12.

The Price of No. 148 Moulding, polished, on page 26, is \$4.75 per 100 feet. The corresponding number, 475 you will find at the top of page 33, 5th column; follow down the column to the size, 10 x 12, and the price for the Walnut is 26 cents. The price of $\frac{1}{2}$ in. Gilt Insides, on page 30, is \$3.00; find 3 00 at the top of page 32, and the price for a 10 x 12 inside is 15 cents; add together the Walnut and Gilt price, thus obtained, making 41 cents, the price complete.

For all sizes not contained in our List, add one side and end of the Frame together (thus a frame 10 x 20 added makes 30 inches, find 30 in the first column of the Square Frame List, using the number 30 for the size), and apply the rule exactly as given above.

SQUARE FRAMES (Joined).

 Please see page 31 for rule and directions.

The numbers at the top of the page are the numbers that correspond exactly with the prices of our mouldings.

The numbers in the first column are those that are made up by adding one side and end of a frame together, and are used instead of the size on all odd frames not in our list. See last paragraph page 31.

BACKING

FOR LOOKING-GLASSES, PICTURE FRAMES, &c.

Our Backing Trade having increased so much since we commenced its manufacture, that it has become one of our specialties, and with extended facilities we are now enabled to supply this article to almost any amount at the shortest notice. As it is made out of thoroughly seasoned pine lumber, the Backing produced by us is much smoother, and all warping and twisting, which is always liable where it is sawed out of the log and dried afterwards, is avoided, hence we warrant the quality to be unexcelled in the market. To all those who have not used our Backing, we simply ask them to give it a TRIAL.

PRICE PER ONE THOUSAND FEET.

THICKNESS.	WIDTHS ASSORTED.	PRICE.	THICKNESS.	WIDTHS ASSORTED.	PRICE.
$\frac{1}{8}$ inch.	From 7 to 10 inch.	\$12 50	$\frac{1}{4}$ inch.	From 7 to 10 inch.	\$23 00
$\frac{1}{8}$ "	" 11 to 14 "	14 00	$\frac{1}{4}$ "	" 11 to 14 "	26 00
$\frac{1}{8}$ "	" 15 to 18 "	16 00	$\frac{1}{4}$ "	" 15 to 18 "	30 00
$\frac{1}{8}$ "	" 19 to 22 "	18 00	$\frac{1}{4}$ "	" 19 to 22 "	35 00

In quantities less than 1000 feet of $\frac{1}{8}$ inch, or 500 feet $\frac{1}{4}$ inch, 10 per cent. added. Cross-cut Backs \$1.00 per 1000 feet extra.

Parties ordering Backing must take it assorted, where all one width is desired 10 per cent. will be added.

OVAL AND SQUARE BACKS.

PRICE PER ONE HUNDRED.

13 x 16	3 00	2 75	25 x 30	9 00	8 50

In quantities less than 100, 10 per cent. added.

Our Oval Backs are also made by a new machine, and are of the best quality. All our Backing is securely put up in bundles and shipped to all parts of the country.

IMPROVED

SOLID OVALS, CIRCLES, AND SPANDRELS.

PATENTED OCT. 24, 1871.

SQUARE OUTSIDES AND OVAL CENTRES.

See pages 44 to 63.

Dear Sir:—We now sincerely invite you to examine this comparatively new branch of our business which we introduced to the public something over a year ago. This class of work from the very commencement gained the highest reputation, and the demand upon us has been rapidly increasing ever since. OUR SOLID OVALS, FOR QUALITY, CHEAPNESS, AND BEAUTY, HAVE NO EQUAL. They are finished in the best possible manner, the Carving, Engraving, and Gilding being done by the most experienced workmen. We guarantee satisfaction in every particular. The Cuts represented are not a perfect picture of the Frame, but they are sufficient to give you the shape and style, and will assist you in making up orders. We have every facility for manufacturing this article to an unlimited extent.

N. B.—The numbers 30, 31, 32, &c., designate the shape of the Frame, the letters A, B, C, &c., designate the style of finish; the letter of one number has the same engraving in the corner as the same letter of all other numbers; for instance, No. 30, pattern F, has the same engraving in the corner as No. 32, pattern F; No. 31, pattern I, is the same as No. 33, pattern I, &c.

CAUTION.

We respectfully inform our friends and patrons that we are the SOLE owners and manufacturers of the late new style Solid Ovals and Spandrels, PATENTED OCT. 24, 1871, and hereby CAUTION all persons against infringing upon our rights according to law.

MISCELLANEOUS GOODS,

CONSISTING OF

PICTURE NAILS,

SCREW EYES,

PICTURE CORD, &c.

See pages 65 to 67.

The above-mentioned articles we deal in very extensively, and they can always be supplied at manufacturers' rates. These goods can be easily packed with our other work, thereby saving our customers extra freight and boxing. We keep a large stock on hand, of the best quality, and all favors in this line will receive our attention.

ALSO,

SOLID WALNUT WORK,

COMPRISING

HAT AND CLOTHES RACKS,

PATENT TOWEL STANDS,

ESCUTCHEONS, &c., &c.

See pages 68 to 71.

The above work we manufacture to such an extent that it has also become one of our specialties. An examination will convince you that for cheapness and quality this work is excelled by none. We shall, from time to time, issue new articles of walnut work, as occasion and demand requires. All orders will be thankfully received.

ADJUSTABLE HAT RACKS.

SUPERIOR IN QUALITY, CHEAP IN PRICE.

No 1—Closed.

No. 1—Opened.

PRICE PER DOZEN.

With Porcelain Tips and Oil Finish.

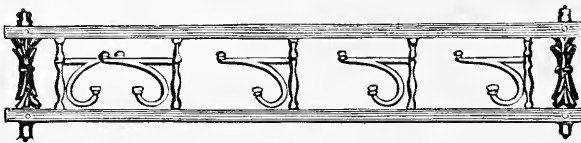

No. 0. Seven Pins.....	\$6 00	No. 2. Thirteen Pins.....	\$10 00
“ 1. Ten “	8 00	“ 3. Sixteen “	12 00

The above cut represents our ADJUSTABLE RACK, made of a neat walnut moulding, well put together, and can be so adjusted as to fit almost any space. It folds up to a very small compass, making it an economical RACK to ship, and handy to carry about. Hotels, Stores, Offices, Barber Shops, Public and Private Houses all have some place for them where they can be used to advantage and profit.

Fancy Brass Rings are attached to the rack, which prevents its slipping off the nail when hung up. This is an improvement over all others in the market.

CLOTHES RACKS.

BRONZED HOOKS.

This Rack is also made of a neat walnut moulding, held together by japanned iron castings at each end; the hooks are of iron, nicely bronzed, and are made to swing back when not in use. It is very durable and presents a pretty appearance upon the wall. The article is too well known to require further comments upon it.

PRICE PER DOZEN.

With Porcelain Nails and Oil Finish.

Scale of cuts, about 3-32 of an inch to the inch.

STAR HAT RACKS.

PATENTED OCTOBER 25TH, 1870.

Scale, 3-32 of an inch to the inch.

This Rack is a late and very useful improvement. The extremely low figure at which they can be sold brings them within the reach of all. We exhibit more for the money in this one article than anything yet offered you, and all those who have never had them, we hope will give them a fair trial. The looking-glass and frame attached to the centre of these racks gives to them a completeness which is both useful and ornamental. They are well made out of the best Walnut lumber, and as we are the sole manufacturers in this section of the country, you can rely on all orders being executed with promptness and dispatch.

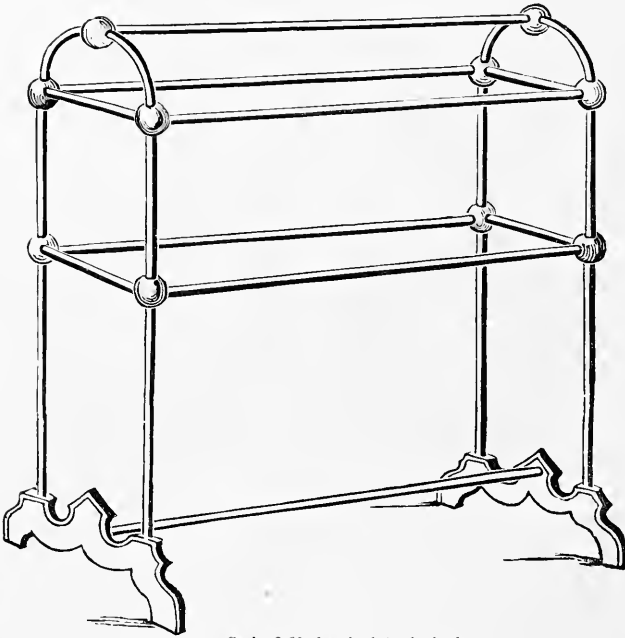

PRICES.

WITH OIL FINISH, AND PORCELAIN TIPS, \$27.00 per dozen.

NOTICE.—By loosening the screw and taking out the pin which holds the strip, marked, Patented Oct. 25, 1870, the rack will then fold up to a small space, hence the advantage in shipping; all orders at a distance will be sent in this way, to save freight and boxing as much as possible.

PATENT TOWEL STANDS.

PATENTED FEBRUARY 27th, 1872.

Scale, 3-32 of an inch to the inch.

This Towel Rack for cheapness and beauty *stands at the head*. It is an entirely new design but has already gained a high reputation. Its lightness makes it a great saving to shippers, while the cross bars at either end give it strength equal to the strongest rack in use. It is made of thoroughly-seasoned walnut and can be supplied to any extent desired. We earnestly ask you to try them.

We would here state that the ends are all put together, and persons buying the rack in knock down will simply have to glue the six rounds into their proper place, bearing in mind that the upper and lower rounds are half an inch longer than the others.

PRICE PER DOZEN.

Not Finished, in knock down.....	\$11 67
Finished (Oil and Shellac).....	12 62

Glued-up stands at same price, if desired.

TOWEL HOLDERS.

Scale, $\frac{1}{8}$ inch to the inch.

PRICE PER DOZEN.

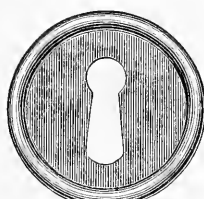

With Bronzed Sockets and Silvered Tips.

No. 1. Two Bars	\$3 62
" 2. Three Bars	4 00

This Towel Holder is acknowledged by the trade and public generally to be a very useful article in the Sleeping Room, Nursery, Laundry, Bath Room, Kitchen, &c. It can easily be attached to the casings or ceilings of a room, or upon washstands and other articles of furniture.

Our Escutcheons are of the best quality, and by manufacturing them in immense quantities, we are enabled to produce an article at the lowest possible price.

 Those designated as *Thick* have a deep rabbet, which, when used, fits up close to the lock, making it impossible for the key to get behind the escutcheon, thereby pulling it off. We recommend the thick ones very highly on this account.

PRICE LIST,
 OF
SOLID WALNUT CARVED ORNAMENTS,
 AND
MIRROR FRAMES,
 EMBRACING
ARCH TOP, OVAL,
AND CORNICE TOP
PIER and MANTLE FRAMES,

Of every description. (See pages 73 to 88).

DEAR SIR:—We would inform you, before offering our *MIRROR FRAME LIST* for your consideration, that it has been thoroughly revised, and the prices greatly reduced. You will find only a few of our *CORNICE TOP PIER* and *MANTLE FRAMES* represented, but this number will be sufficient to prove to you that our facilities are such, that anything in that line, no matter how elaborate in design, or finely finished, *can be manufactured by us* to your entire satisfaction. The cuts, of course, cannot be made to show the frames as good as they actually are, therefore, all such allowances should be made. We will take pleasure in supplying your wants in this line, and respectfully ask you to give us a trial and a call.

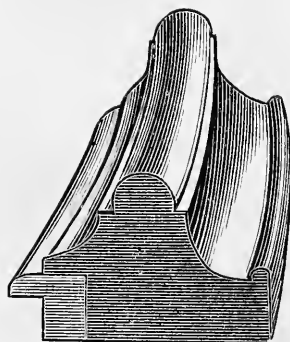

NOTICE.—*Pier Tables, Connecting Cornices, &c., made to match all our different frames when desired.*
